

# Communications Team

## 2009 Annual Report

**Members:** Jan Larson, communications coordinator; Denny Scheer, Council representative; and members at large: Jim Isley, Karl Larson, Shirley Siebler, Becky Enholm

The Communications Team continues to work as a support team to spread the Word and his grace to those in and outside of the church. The team works to aid pastors, staff and other Council teams about LCM and its mission and programs. This includes the daily and weekly announcements through the bulletin, newsletters, Web site and online (YouTube) as well as special pieces that promote fellowship and outreach through special events, including the annual Summerfest, Winterfest, Vacation Bible School, Bible study series and all the weekly and special programs that our growing congregation must know about.

### Highlights of 2009

- Improving and updating the Welcome Center - this year tables/centers were added for the Youth Ministry for easier access to checking details on laptops and providing information
- Information, posters, advertising for Summerfest's Point of Grace concert and special events
- Provided editing and help with the Emergency Preparedness Handbook that will be placed at both campuses, classrooms and near the sanctuary where needed for easy reference
- Information, posters and promotion for the Winterfest Chili Feed at the East Campus
- Ongoing updating and production of information to disseminate the new fall and spring programs for studies, programs, special events at LCM

### Goals for 2010:

- Support the events and dissemination of information regarding LCM's 50th Anniversary Celebration throughout the year
- Update the LCM Web page and information site - for easy access for guests and members
- Update and integrate the Welcome Center with new, easy-to-access information sheets, brochures, ideas for guests and members
- Help other teams, groups and staff with ongoing programs that further our mission as one church through our Lord, Jesus Christ.

Jan Larson,  
LCM communications coordinator
