

## **Operations Support Team 2009 Annual Report**

### **In 2009, these things were accomplished at the East Campus:**

- New outdoor signage and lighting
- New exterior doors installed at the north entrance and sanctuary.
- Landscaping around the church including trees, bushes, flowers and three new flower pots for the east side of the church.
- A landscaping team was developed to maintain flower beds; additional volunteers welcome.
- Drainage problem outside of the youth room windows repaired.
- Exterior stucco repair made to the band around the sanctuary.
- New lighting was added to the sacristy and two Sunday school rooms.
- Windows were added to all Sunday school room doors.
- Core samples of the parking lots were taken and repair estimates received from two asphalt companies; recommendations made to make repairs in 2010

### **In 2009, these things were accomplished at the West Campus:**

- Outside benches were installed at the West Campus
- LCM & Boyd Jones repaired most water leaks and continue to repair the last few leaks.
- The signage project was completed early in the year.
- The Fire Marshal approved West Campus Fire Code issues resolved to their standards.
- A Black Hills spruce tree, donated by the McAhren family, was planted at the West Campus
- A \$7,300 bid was submitted to repair drainage problems at the West Campus narthex area, it was repaired for \$69.
- Flower beds at the West Campus continue to be maintained by much appreciated volunteers.
- Cracks in parking lot at West Campus were sealed before winter.

Thank you.  
Rob Kuhl and Bruce Goolsby, chairmen  
Operations Support Team
