Dear brothers and sisters in Christ,

This is to inform you that The LCH TV Ministry work that John Gebhur, the TV engenner from Lutheran Church of the Master, came to complete got done today. I was pleased to see at the very beginning of the work that John asked me to start with prayers and at the end today he asked me that we conclude with prayers. That means to me that John has a spiritual vision for this Ministry. He sees that is God's Ministry, therefore God needs to be put first and then us.

I have so far receiving lots of good reports of people calling the stations from 6 regions. They have been gotten a good and strong signal and most christians that have been watching us in the air have been pleased with the programming as very little we have broadcast so far.

I just want to praise God for brother John, his congregation and lots of other people that have been supporting this TV station work one way or another. A very special thanks to John.

One thing yet to be done is a Three kilowatts FM radio station that John, again will have to install this coming November. Not only we have a great tool to preach and spread the Gospel with the TV station Ministry, but we'll also have a high power FM radio station. Again John has generously donated that Three Killowatts FM transmitter to the LCH.

Now the vision being how to work with the whole Church in Haiti so that they can be part of the blessings besides being partners with us in this Ministry. Plan is under way that many Churches get involved in terms of programming, prayers and financial support to the station.

There is plan that we be in the air 6 hours a day. This cost \$1000 US pert month for fuel. In about two months from now we are thinking to add another 6 hours which will double the cost. But knowing how this Ministry will impact many Churches in terms of growth, spreading of the Gospel ands so on, I think it is worth to spend this money to win so many souls.

In case anyone of you would like to support this Ministry financially, please contact Paul Klenner, the HLMCC (Haiti Lutheran Mission Coordinating Committee) treasurer. Here is his e-mail address: paulklenner@sbcglobal.net

Tomorrow I will get John a day of rest in taking him to the Citadelle in Cap Haitian. This is an historical site he will probably enjoy seeing. I would like to offer him a refreshing time. Also I do plan a surprise party for John on Wenesday night before he leaves for Omaha on Thursday. All the people working aty the Artibonite District will be attending that party and we have about 60 people registered. In that party I will get John a special gift for all his efforts to bless and touch so many souls through this great Ministry. Please don't tell him yet...  
Again thanks to all of you for your prayewrsd and supports.
